project.

good safe sex

Where do young people really learn about sex?

Draw lines to connect the options to the chart bars.

Answer: porn is now a leading source of sexual information for young people globally about sex

With Sub-Saharan Africa countries accounting for 9 out of 10 of AIDS related deaths and 10 young women living with HIV for every 5 young men, are we addressed the real sex life needs of the most vulnerable group at AIDS 2018?
