# Women have pleasurable sex when...

Tick all the boxes that you feel apply.

- |   |  |
|---|--|
| <input type="checkbox"/> They have the urge   | <input type="checkbox"/> They feel loved                           |
| <input type="checkbox"/> They have their period   | <input type="checkbox"/> They love their partner                   |
| <input type="checkbox"/> They feel safe   | <input type="checkbox"/> They have a warm, dry house/private space |
| <input type="checkbox"/> Their body feels good  | <input type="checkbox"/> They have sex with women                  |
| <input type="checkbox"/> Their partner asks them what they like                               | <input type="checkbox"/> They make money                           |
| <input type="checkbox"/> They know what they like   | <input type="checkbox"/> They become pregnant                      |
| <input type="checkbox"/> Their partner respects them  | <input type="checkbox"/> They have some energy                     |
| <input type="checkbox"/> He rolls on the condom with sexiness and she didn't even have to ask | <input type="checkbox"/> They are HIV positive                     |
| <input type="checkbox"/> They have an orgasm  | <input type="checkbox"/> Their partner looks hot                   |
| <input type="checkbox"/> They talk dirty  | <input type="checkbox"/> They know they look hot                   |
| <input type="checkbox"/> They play with themselves  | <input type="checkbox"/> It helps them sleep                       |
| <input type="checkbox"/> They have contraception  | <input type="checkbox"/> They pass menopause                       |
|   | <input type="checkbox"/> They are empowered                        |

Each woman has unique reasons for having sex. We have completely missed the point unless we address peoples real sex lives.
