What does pleasure and desire mean to you?

Tick all the boxes that you feel apply + add your own

- More diversity
- More checking-in
- More respect
- More slow sex
- More consent
- More access to contraception

More...

#pleasurematters
@thepleasureproj

We believe that pleasure is a key dimension and aspect of sexuality, sexual rights and well-being and yet rarely features in sex education and sexual health programmes, which focus on what to stop, not what to start. It's ineffective.

Let's put the sexy back into safer sex.

The World Association of Sexual Health has launched a draft Declaration of Pleasure, Health and Rights and they want you to join them.

the
pleasure
project.

good safe sex
